Board Meeting

The board made several significant decisions.

1. They approved the “most likely” budget that all of you worked on. Congrats. Board had a few questions and saw the wisdom in our approach.
2. They made several suggestions to our fundraising video. They have until Monday at end of business to make further recommendations.
3. They have agreed that the likelihood of our having residential courses before year-end is extremely unlikely. So plan for Monroe to be online only until December 31.
4. Two resolutions congratulating the staff/trainers on executing the vision of an online division. More on these in a separate email.

See you Friday.
Scott
